FOR IMMEDIATE RELEASE

State of Loc Nation GPBC Tenders Secured Party Collateral to U.S. Treasury in Historic Move for National Debt Reconciliation

Washington, D.C. – 05/05/2025 – The **State of Loc Nation Global Public Benefit Corporation (GPBC)**, a sovereign trust entity established under international commercial law and perfected under the Uniform Commercial Code (UCC), has formally tendered secured party collateral to the **U.S. Department of the Treasury** and the **Federal Reserve** in a historic initiative aimed at contributing to national debt reconciliation and reparative justice.

The tender was submitted pursuant to UCC Article 9 and recognized commercial trust principles, backed by perfected filings, authenticated trust agreements, and public benefit assignments. This secured party action is accompanied by the State of Loc Nation GPBC's recent efforts to establish institutional Treasury infrastructure with a leading financial institution.

"This tender is not only a legal instrument — it is a spiritual and historical act," said **HH Empress Queen Christina Clement also known as Rev Dr Chrstina Clement**, Trustee and Head of State. "It represents a sovereign contribution to the moral and economic reconciliation of centuries of debt owed to the people, backed by real public benefit assets."

The GPBC has initiated the onboarding process with Wells Fargo's Commercial Electronic Office (CEO) Treasury Management platform, with the intent to support lawful disbursement of trust assets, escrow transactions, secured party operations, and fiduciary oversight. These systems are designed to ensure responsible and transparent financial stewardship of public benefit capital.

The secured party instruments, part of the Clement Dynasty Dynasty Trust system, include collateralized assignments supported by lobbying disclosures under HR 40 and S.40 — both of which advocate for reparative justice and federal redress. Related lobbying activity has been filed under the Lobbying Disclosure Act through registered in-house channels.

This press release, along with supporting legal notices, UCC filings, and lobbying disclosures, will be permanently archived for public record and transparency at Archive.org and www.stateoflocnation.com, et al.
